McEgg Muffin.

KICK start your day with
McDonald's Breakfast meals.

Only premium quality, farm fresh and low cholesterol eggs are used to prepare the eggs dishes — Big Breakfast and McEgg Muffin.

The eggs are washed and cleaned with a special detergent to remove dirt and other materials, then rinsed with sanitiser to remove bacteria.

The eggs shell is then coated with a thin layer of food grade mineral oil to ensure that the eggs remain fresh and safe. They are kept chilled in the restaurants.

The chicken sausages served through Sausage McMuffin and Big Breakfast range are made from

boneless fillet and thigh meat of halal farm fresh chicken.

They are sourced from suppliers who meet McDonald's stringent requirements.

The company practises strict food safety measures, making sure that all chicken products are properly cooked and assembled in the restaurants.

McDonald's one-of-a-kind hash browns are made of specially grown potatoes from selected farms around the world. The potatoes are of the finest quality and specially blanched and processed to retain maximum nutrients.

McDonald's Malaysia general manager Stephen Chew noted

that besides offering tasty and nutritious meals, the breakfast was also the perfect way to enjoy quality time with family.

"At McDonald's, we provide hassle-free breakfast experience that allows you to enjoy the most important meal of the day with your family."

The breakfast menu is served at 115 McDonald's restaurants nationwide and available from 4am to 11am daily at 24-hour restaurants.

Beside dine-in, the meals can also be enjoyed through McDelivery by call 1300-13-1300 or the Drive Thru facilities at selected restaurants.
